

The Exploration Train 2027

WEF'27

“By far the most memorable cocktail and dining venue in Davos”

The Exploration Train is coming back during WEF'27, stationed the whole week just five minutes walk away from Davos Platz station. It operates as a fundraising venue to finance multiple nonprofit initiatives focused mostly on Practical Wisdom and Scientific Exploration topics – including those listed below, which also take place in Davos:

WisdomAccelerator.org (youth education) — WisdomHouseDavos.org (supporting nonprofits)

ExplorationFilmFestival.org (field science films) — ExplorersWeekend.org (survival training, etc.)

The Exploration Train is professionally staffed/equipped to host multiple event formats:

Breakfast/Lunch/Dinner — Cocktail/Nightcap — Podcast/Interview/Workshop

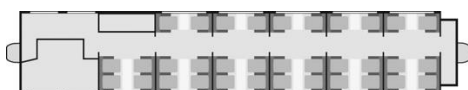

- Our century old **Piano Bar Wagon** comfortably welcomes up to 40 seated and standing guests in a relaxed atmosphere and can also be setup as a recording studio for media interviews etc. Journalists are welcome to use it when not booked.
- Our **Gourmet Restaurant Wagon** is also 100 years old and caters to up to 30 guests in a traditional setting, offering remarkable meals with local ingredients. These two wagons can be seamlessly combined with a total capacity of around 70 guests.
- Upon request we can also provide walkthrough videos and pictures from past events as visual references to better understand the layout and possibilities of the wagons.

Wisdom Accelerator for Youth (WAY) is a Registered Swiss Association CHE-293.908.661

Participation requires acceptance of our Terms & Conditions and Liability Waiver.

By entering the venue, you confirm that while registering you have read and accepted them.

We reserve the right of admission. All damages will be charged in full.

Two New Wagons in 2027

WEF'27

We are hosting two additional wagons during WEF 2027

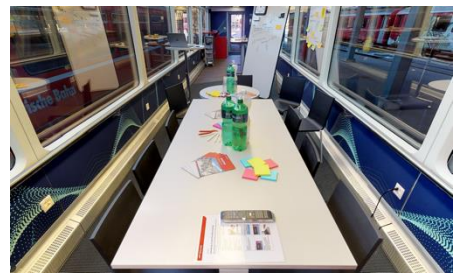

- Our **Stiva Retica Pub Wagon** caters to up to 41 guests offering lighter meals in an alpine style setting with plenty of charm.
- Our **Meeting/Screening Room Wagon** can sit 15-40 guests in round table or cinema configurations, benefitting from a very large 75" TV/Monitor screen.
- We also have two **Passenger Wagons** (the classic red ones) with a standard configuration for up to 54 guests which can be used for private bilateral meetings.
- Our operation hours during WEF'27 are Monday 18th to Thursday 21st noon to midnight; event slots have a two hours minimum with a 15 minutes turnover time.
- Most wagons can be rented separately or be combined e.g. Restaurant plus Pub = 70 guests. Our total capacity with all six wagons connected is of up to 250+ guests.
- A set donation per hour of venue use is mandatory to cover our charter costs and to support our initiatives outside the WEF week. Food/drink prices are charged separately based on consumption - please contact us for more details.

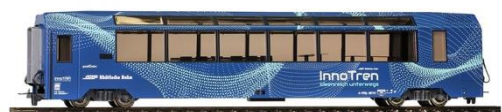

Exploration Train donors are also recognized as sponsors of our nonprofit events being funded during the year in Davos and elsewhere – joining the ranks of many prestigious institutions such as several departments from Harvard, MIT, Stanford, as well as the Bayer Foundation and other supporters.
